■ **Hand-Held Metal Detector**
 Model : SP-300HMD

Features:

MD3003B1 hand-held metal detector is a multi functional hand-held metal detector produced by “zhongan xie technology” in shenzhen, China. It is a high performance metal detector in China. Widely used in bus stations, railway stations, tourist attractions, electronics factories, jewelry factories and other public places, to provide us with a safe working environment. MD3003B1 is one of the high-end products in the hand-held detector. Automatic detection on start-up, no adjustment, large scanning area, fast and accurate detection can be completed; With ultra-high sensitivity, it can detect very small metals, such as mobile TF memory card, pin, razor blade, etc., so it is purchased by

Technical standard	Technical parameter
Product dimension	415mm x 85mm x 45mm
Packing dimension	520mm x 100mm x 50mm
Working bands	About 25 KHz
Net weight	400 g (exclude battery)
Power supply	Standard 6F22/15F8H 9V battery or chargeable battery
Operating temperature	-15°C to +55°C
Power	270MW
Packing	25pcs/box

Detection Range

1. Pin 35–70mm ;
2. Type 64 pistol 220–250mm ;
3. 6-inch dagger 200–240mm ;
4. Diameter:20mm ball 150mm ;
5. One yuan coin 100–130 mm ;

Applications

1. Airport、 station、 wharf detection inspection ;
2. Customs、 police、 border、 security department security check ;
3. Medicine、 Food commercial system quality inspection ;
4. Important place、 playground safety inspection ;
5. Precious metal detection, like gold and silver jewelry factory.
